

# Merry Go Round

Brandon Rhyder 2005 Dog Wood Hill Publishing, BMI

## VERSE 1

I got drunk last night on a bottle of wine  
I got to see some old friends, I haven't seen in a really long time  
Aint' nothing changed, they still act all just the same  
Just grown up kids, willing to do it all over again

## CHORUS

Cause life ain't nothing but a Merry Go Round  
Pick up a bottle, and we'll pass it around  
Life ain't nothing but a merry go round  
And it never, no it never, slows down

## VERSE 2

Well, I get stoned some nights and I peel back the layers of life  
Look into my soul to see if anybody's home, if there's any kind of light  
To tell you the truth, I hate to be all alone by myself in the dark  
I thought this life, was supposed to be a walk in the park

## CHORUS

## VERSE 3

The end of the road, is when they put you six feet in the ground  
The only time in this life, you can ever get off of the merry go round  
I've been here for some thirty years now I know  
Give me thirty more, I want to make a little more of this show

## CHORUS
